### Authors' contributions

We follow the ICMJE guidelines for authorship. Qualifying authors must satisfy the following:

1. Have made substantial contributions to the conception or design of the work; or the acquisition, analysis, or interpretation of data for the work; AND
2. Drafting the work or revising it critically for important intellectual content; AND
3. Final approval of the version to be published; AND
4. Agreement to be accountable for all aspects of the work in ensuring that questions related to the accuracy or integrity of any part of the work are appropriately investigated and resolved.

All those designated as authors should meet all four criteria for authorship, and all who meet the four criteria should be identified as authors. Those who do not meet all four criteria should be acknowledged. Please insert here the contribution each author made to the manuscript—e.g., literature search, figures, study design, data collection, data analysis, data interpretation, writing etc. If all authors contributed equally, please state this. The information provided here must match the contributors' statement in the manuscript.

Author 1: **Harsh Kumar Mahey**, Designing and drafting of research work  
Author 2: **Kartik Sharma**, Drafting, data collection, preparation and editing  
Author 3: **Amanpreet Singh**, Interpretation  
Author 4: **Vipan Kumar Rampal**, Preparation of manuscript  
Author 5: **Prashant Kaushik**, Ideas, preparation and editing

### Conflicts of interest: NA

Please insert: 1. authors' conflicts of interest; 2. sources of support for the work, including sponsor names along with explanations of the role (if any) of those sources in study design; collection, analysis, and interpretation of data; writing of the report; and the decision to submit the report for publication. Alternatively, make a statement declaring that the supporting source had no such involvement.
